seasons come, seasons go

TREE

Rustle the leaves, pick the apples, peek through
the branches and dance with the animals.

Cscape Dance Company's Imaginarium brings you TREE, the tallest and oldest in the forest. Animals live and play among her roots, bees and birds weave through her branches. The seasons come and go bringing cold, warmth, rain and shine, through it all, TREE stays, standing tall and still, providing a haven of safety and play for all the creatures in the wood.

TREE is a dance and theatre adventure for little ones to enjoy together with their grown-ups, based on the popular children's book by Britta Teckentrup. Weaving dance performance, design, music and interactive activities into a multi-sensory, live theatre experience for babies to 4 yr olds.

Seasons come, seasons go, come along and see our show.

Please note: Older siblings may join in, though this show is tailored to early years audiences. All adults attending must be accompanied by at least one child from the described early years age range.

TREE.

Tree is a highly interactive participatory performance for very young children and their grown ups, combining dance, theatre and music full of tactile props for each child to explore and movements to join in with. Based on the popular early years book 'Tree' by Britta Teckentrupp and themed on the seasons, the show has been carefully developed, researched and crafted for babies and toddlers, meaning that each moment is appropriately pitched in content, style & duration.

Cscape is a dance theatre company based in Cornwall and has created and toured work for 15 years to both indoor and outdoor venues. 'Tree' is the first in a series of shows for our Imaginarium project, creating high quality work for 0-5's.
